

SANJEEDA KHATOON

SOFTWARE DEVELOPER

📞 +91-7417033795 ✉ sanjeedak.cse@gmail.com 📍 Hyderabad 📅 3 Years of experience

PROFILE SUMMARY

Software development professional around 4 years of experience in developing & designing web applications using Java, Spring Boot, Microservices, ORM & related technologies. Adept at developing & deploying complex systems, webservices & databases.

KEYSKILLS

- Spring Boot
- Postgresql
- Amazon Ec2
- JUnit
- Payment Systems
- Event-Driven Applications
- Node.js
- HL7
- Relational Databases
- Newman
- Docker
- Jira / Confluence
- Rest APIs
- MySQL
- Version Control
- Linux
- API Testing
- Microservices
- Node Express
- EPIC API
- SQL
- Sonarqube
- Jenkins
- TypeScript
- Full Stack Application Development
- AWS
- Agile Methodologies
- Websphere
- Kafka
- React.js
- Mirth Connect Integration Engine
- FHIR API
- Postman
- Continuous Integration and Continuous Delivery
- Agile Methodology

CERTIFICATIONS

- AWS Partner: Accreditation (Business)
- PGDAC, CDAC Hyderabad
- Core Java Certification

WORK EXPERIENCE

Software Developer - Koninkryk Technology Solutions Pvt. Ltd. (ShopZeo)

Aug 2025 - Present

Koninkryk Technology Solutions Pvt. Ltd. (ShopZeo)

- Developed robust backend services and RESTful APIs using Node.js to streamline ShopZeo e-commerce workflows.
- Designed and implemented the User Panel, while actively contributing to the development of Admin and Seller panels.
- Integrated comprehensive Order Management, Payment Processing, GST compliance, and Razorpay payment gateway modules.
- Built and maintained APIs to efficiently manage the entire order lifecycle and real-time payment status updates.
- Facilitated smooth application deployments on AWS EC2 instances and conducted thorough post-deployment validation.

Software Engineer - PNV Techno Consulting Services

Jan 2023 - Nov 2023

PNV Techno Consulting Services

Project: AXIS GPS (RTGS & NEFT Payment System)

- Worked on AXIS GPS, a Java-based platform used for real-time RTGS and NEFT transactions.
- Developed Spring Boot microservices for transaction validation, routing, and settlement.
- Integrated Kafka and IBM MQ for asynchronous, event-driven transaction processing.
- Applied Factory, Singleton, and Observer patterns to improve maintainability and event handling.
- Investigated application issues, identified root causes, and implemented code-level fixes.

Software Developer - SpinSci Technologies Pvt. Ltd.

Nov 2021 - Jan 2022

SpinSci Technologies Pvt. Ltd.

- Engineered robust Java and Spring Boot backend services to optimize patient communication platforms such as Patient Assist, Patient

Notify, and Patient Engage.

- Designed and implemented seamless integrations using Mirth Connect, employing FHIR standards, EPIC systems, and RESTful APIs to ensure secure and efficient data exchange.

Junior Java Developer - Saish Technologies Pvt. Ltd.

Oct 2018 - Apr 2020

Saish Technologies Pvt. Ltd.

- Developed and maintained a Java-based banking application specializing in refund processing and reconciliation.
- Designed and implemented robust backend components to optimize refund workflows and improve system reliability.
- Administered database interactions and optimized transaction workflows to ensure data integrity and accuracy.

PROJECTS

ShopZeo

12 Months

- Developed scalable full-stack web applications using Node.js, React.js (Vite), and MySQL, delivering high-performance and responsive solutions
- Designed and implemented the User Panel independently, significantly enhancing user experience and interface functionality
- Collaborated on Admin and Seller Panels by developing and integrating secure, efficient backend RESTful APIs
- Created optimized database schemas and conducted comprehensive API testing with Postman to ensure system reliability and data integrity
- Managed end-to-end application deployment and production support using AWS EC2 and Git version control, ensuring seamless launches and ongoing maintenance
- Demonstrated expertise in full-stack development, backend architecture, REST API design, e-commerce application development, deployment processes, and Razorpay payment gateway integration

Axis GPS

24 Months

Worked on Banking IT (NEFT, RTGS) using Java Spring Boot Microservices Relational databases, IBM MQ, SQL Developer & related technologies, IBM MQ, Java, IBM MQ

Patient Notify, Patient Assist, Patient Engage

24 Months

Worked on Patient Assist, Patient Notify, Patient Engage, Healthcare IT using Mirth connect, HL7, React js, javascript, Java, Spring Boot, Microservices, REST APIs, EPIC API, FHIR API, AWS EC2, Jira, Confluence, PostgreSQL, Postman, SonarQube, JUnit & related technologies

EDUCATION

PG Diploma | PGDAC, CDAC Hyderabad

2021

Centre for Development of Advanced Computing (CDAC)

B.Tech/B.E. | Computers

2018

Dr. APJ Abdul Kalam Technical University, Lucknow
